

Calcium Vitamin D3 Zinc + Magnesium

IDECAL Jr.
syrup

IDECAL Jr. syrup

Idecal Jr. Syrup supports healthy growth in children by combining Calcium, Magnesium, Zinc, and Vitamin D3. This blend strengthens bones and teeth, improves calcium absorption, supports muscle and nerve function, boosts immunity, and aids overall physical and mental development.

Calcium:

Plays a crucial role in the development and maintenance of strong bones and teeth in children. It supports proper skeletal growth and helps prevent conditions like rickets and delayed bone formation.

Vitamin D3:

Facilitates the efficient absorption of calcium and phosphorus in the body, which is vital for bone mineralization. It also strengthens the immune system and supports healthy muscle function.

Magnesium:

Supports bone structure by regulating calcium levels and contributing to bone density. Additionally, it aids in muscle relaxation, nerve transmission, and energy production, helping in overall physical development.

Zinc:

Promotes proper growth and development, particularly during childhood. It plays a key role in boosting immunity, wound healing, and supporting brain function and concentration.

Benefits of Idecal Jr. syrup

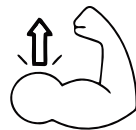

Promotes Strong
Bone Health

Immune support

Mental growth

Physical Growth

NUTRITIONAL INFORMATION (Composition approx.)	Each Tablespoon Per 5 ml
Energy	11.48 kcal
